

KANDAO

Authorized Distributor

360° Video Conferencing

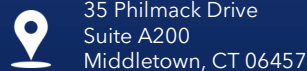

Bring Video Meetings to Every Space

Not so long ago, cost and complexity restricted video meetings to the board room. Kandao changes the game with flexible and affordable solutions for huddle rooms, large conference rooms, and everything in between. Compact, portable, with seamless connectivity, Kandao can fit in any space and even travel with you.

Intuitive Deployment and Easy Support

Some IT resellers shy away from A/V, fearing complex design, installation, and service. Kandao takes minutes to setup, and the intuitive Android OS makes this easy for any user (and any sales executive) to learn. Plus, if you ever encounter an issue, users and resellers have access to free remote support and replacement warranty coverage.
