Mode

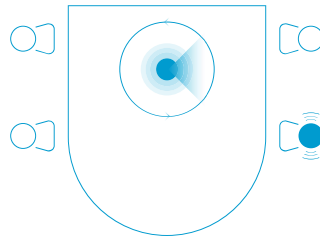

DISCUSSION MODE

Dynamically highlight the talking participant with a 360° view on top.

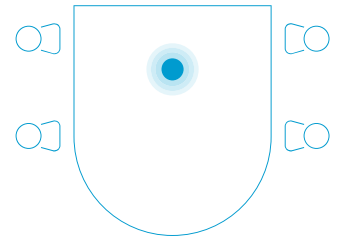

PRESENTATION MODE

Automatically deliver an exclusive shot of the key speaker.

GLOBAL MODE

A global view of all attendees.

Plug & Play, Working with Common Video Conferencing Platforms

No software required. Just simply plug the USB cable into your computer and start the meeting. Working perfectly with any video conferencing platform.

Hidden Pop-up Camera System

Press down to hide the camera, only appearing when needed, perfectly protecting your privacy.

360° 8K Capturing & 1080P Streaming

The 360° camera captures the entire room in 8K resolution without stitching, and delivers real-time 1080P HD video, ensuring everyone is visible and engaged in the remote meeting.

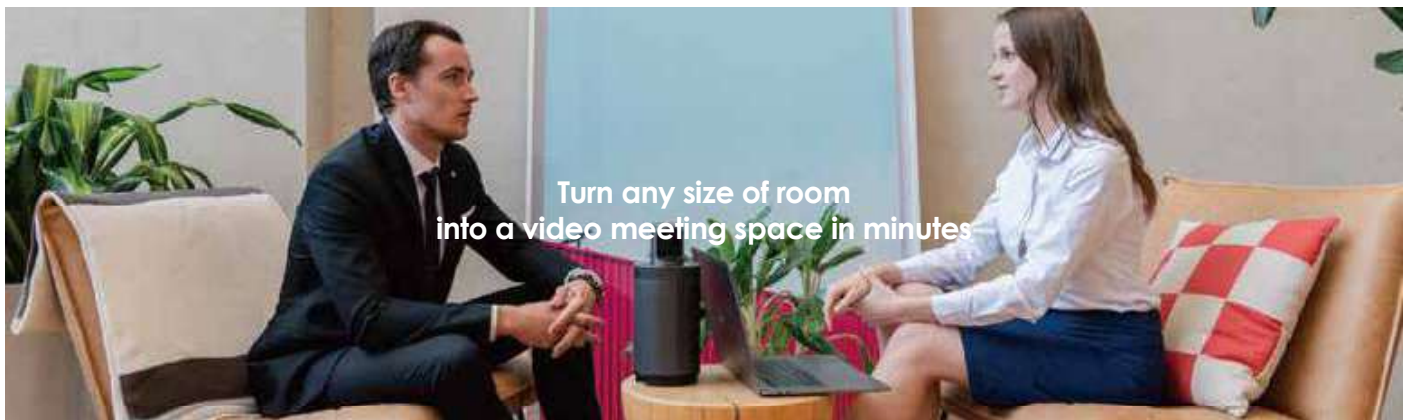

Omni-directional Mics + Speakerphones

Kandao Meeting delivers crystal clear audio with 8 integrated omni-directional microphones. They pick up sounds in every direction up to 13 feet. The two full-duplex speakerphones also minimize noise and echo, allowing you to easily see everyone's gestures and clearly hear what they say.

Turn any size of room
into a video meeting space in minutes

Founded in January 2016, Kandao Technology is a high-tech company specializing in virtual reality technology research and development. Dedicated to providing high-end professional imagery software solution and hardware manufacture for VR/AR content creation, Kandao Technology is committed to delivering evolutionary digital imaging products that will change the way how people see and connect with the world.
