

visioneer®

7800

USB POWERED FLATBED COLOR SCANNER

Perfect solution for the office workers who need a fast and reliable flatbed scanner.

- Ultra slim A4 flatbed USB scanner
- Optical resolution up to 1200 dpi
- Easy-to-use TWAIN™ interface
- Loaded with real-world features such as auto color detection, color match, and despeckle

The **Visioneer® 7800** scanner doesn't need AC power because it is powered through the USB port. Scan, file and store all of your documents, plastic ID cards, photos, articles and bulky items such as books.

Scan paper sizes of up to A4 and digitize your business unlocking that information stuck inside papers. Based on the innovative CIS (Contact Image Sensor) technology, the Visioneer 7800 scanner is only 1.7 in. tall, and weights only 1.8 kg.

It will fit neatly on a desk and small enough to easily fit inside a drawer when not in use. The 7800 produces clear and sharp scans of any document in color or black and white. Real world documents are never a problem for the Visioneer 7800. Industry standard TWAIN™ driver technology enables the scanner to instantly deliver scanned image to your computer while applying filters such as auto color detection, color matching, to enhance your image

quality and improve your productivity.

Color Matching

Use the default parameters (ICC profile) to get the accurate colors of your pictures.

Invert / Mirror

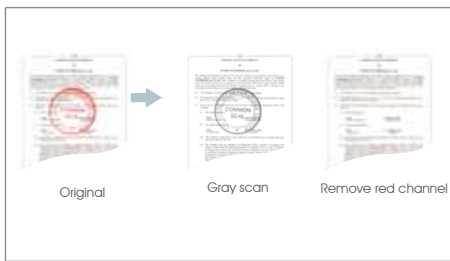

Invert: Reverse the brightness and the colors in the image.

Mirror: Reverse the right and left side of your image.

Color Drop Out

Not only R/G/B 3 channel color drop out, but any specific color can be selected as a color filter.

Multiple Cropping

Place multiple documents on the flatbed and create multiple individually cropped images in one scan.
